*** A true copy of this register for each quarter (Q) of a calendar year must be submitted to the Regulator by 15 April (for Q1), by 15 July (for Q2), by 15 October (for Q3), and by 15 January (for Q4)**

1: Name of licensee/permit holder & registration/licence/permit number
2: Metal (gold, platinum, palladium, rhodium, iridium, osmium or ruthenium), Form and Purity (e.g., granules of 99.9% purity)
3: Just list the type & fine mass of articles manufactured – the date of manufacture is irrelevant, but include only articles manufactured in the quarter. This column does not necessarily correspond with entries on the left (precious metal bought) or right column (precious metal sold)
4. Fine mass/weight: the mass of the precious metal contained in the article/product, as determined by multiplying the gross weight of the article/product by its fineness or purity (in %)
5: Average number of employees employed over the quarter
